SESSION, EVENT AND TOUR DETAILS

TUESDAY — AUGUST 1

BONUS DAY! PIGEONS OR PROFIT

Sessions focusing on Housing as Economic Development

9:00 – 5:00 REGISTRATION

Location: [Lobby](#)

10:00 – 11:00 **EDUCATIONAL SESSION**

THE HOUSING DILEMMA

Potential developers of residential spaces in downtown districts will want to attend this session to discuss problems that are encountered. You want housing, but where do you start? Who do you partner with? How do you get what you want? Will anyone even want to live there? What kind of housing do you shoot for anyway? I'm so confused!

Location: [Rooms 1 & 2](#)

Presenter: Jim Thompson

11:10 – 12:10 **EDUCATIONAL SESSION**

IMAGINE THE POSSIBILITIES - A VIRTUAL UPPER FLOOR TOUR

This session explores the challenges and opportunities of redeveloping upper floor spaces in typical downtown buildings. We'll walk through how to analyze the space, understand use options, design considerations and common pitfalls to avoid ensuring a successful rehabilitation project. Case study examples will show the unique nature of upper floor housing projects, covering everything from 500 to 5,000 square foot units in communities ranging from 1,000 to 70,000 people.

Location: [Rooms 1 & 2](#)

Presenters: Maia Fiala Jessen and Tim Reinders

12:10 – 1:20 **LUNCH & LEARN**

STATE RESOURCES FOR CAPITAL

In this session, you will hear information about several financial incentive opportunities to support the development of residential spaces in commercial districts that are available through Iowa Economic Development Authority.

Location: [Rooms 1 & 2](#)

Presenters: Nichole Hansen

Tickets Required: \$10 (Lunch is included in your ticket price)

1:30 – 2:40

EDUCATIONAL SESSION

SURVIVOR: DOWNTOWN RENOVATION EDITION

This session brings together an architect, a Chamber/Main Street director, and building owner to offer tips for those interested in rehabilitating downtown buildings. From sagging floors and modern codes to finding parking or funding options, renovation projects often face hurdles that can catch owners and developers unaware. Using a case study of an upper floor residential project, the panel brings a blend of technical and hands on experience to illustrate pitfalls and possible work arounds for the renovation process.

Location: [Rooms 1 & 2](#)

Presenters: Andrew Bell, Rich Seggerman, Travis Toliver, Steve Trost

2:50 – 4:00

CHOICE OF SESSIONS / TOUR

HOUSING AS A GAME CHANGER

It has been said that “the best way to bring life downtown is to bring lives downtown.” In this session, you will be inspired by real-life examples on how this was accomplished in three Iowa communities by panelists from Marshalltown, Dubuque and Southeast Iowa Regional Planning Commission who will share their experiences in developing residential projects that have created game changing results in their communities.

Location: [Rooms 1 & 2](#)

Presenters: Jenny Etter, Dan LoBianco, Mike Norris
Facilitated by Jim Engle

SCULPT SIOUX LAND TOUR

With 20 sculptures on permanent display and others rotating on an annual basis, Sculpt Siouxland provides many great choices as you stroll through the downtown looking for your favorite. Sculpt Siouxland, Inc. is a private, non-profit organization of community leaders who are dedicated to engaging and educating the public on the potential of art in public spaces. Working with the support of area businesses, organizations, and individuals, Sculpt Siouxland brings sculptures from throughout the upper Midwest.

TEN PRINCIPLES FOR SUSTAINABLE TOURISM

Tourism is big business and can provide many benefits, but it can also be a double-edged sword. This session will examine how communities can maximize the benefits of tourism, while minimizing the burdens. It will also provide principles for tourism management and numerous examples of communities that are attracting tourists without destroying the assets that attracted them in the first place.

Location: [Rooms 1 & 2](#)

Presenter: Ed McMahon

STRONG ENTREPRENEURIAL CULTURES IN DOWNTOWN

This presentation will focus on the evolution of building a startup community from beginning to its current state in Downtown Sioux City. Siouland has been recognized for its well-rounded entrepreneurial community and culture hosting events such as First Friday Coffee, Start Up Games, Biz Brews etc. The Iowa West Coast Initiative was formed between three western Iowa counties to provide support to Entrepreneurs in these areas with access to funding and support services. This presentation will cover the evolution of creating a startup entrepreneur culture and how to start your own.

Presenters: Jami Harberl and Mary Lawyer

HISTORIC 4TH STREET TOUR

Historic 4th Street refers to the two city blocks between Virginia and Iowa Streets in downtown Sioux City. It contains fifteen structures dating from 1889-1915. Several of these are notable for their Richardsonian Romanesque style of architecture and it is interesting to note that Sioux City has the largest number of structures in the state designed in this style. Learn about the boom days of Sioux City.

REFRESHING YOUR ORGANIZATION THROUGH STRATEGIC PLANNING

Strategic planning is essential to guide a downtown or Main Street organization and to keep up with changing market conditions, new development projects, new board leadership, shifts in local politics and more. This session will explore the fundamentals of strategic planning for downtown development organizations and provide a recent case study from Sioux City.

Location: **Rooms 1 & 2**

Presenters: Ragen Cote and Brad Segal

CHANGE YOUR CULTURE. GROW YOUR COMMUNITY

In rural America, most communities want growth, but not new people. For the first time, rural counties lost more population than gained - is yours one? Have you identified your 21st-Century customer? Does leftover school/merger/athletic animosity keep customers away? Are volunteers lining up to serve? What's your coffee shop talk like? Who is your town good for? Come learn how WUCA!-izing your community will grow your tax base through Relationship Economic Development when you Welcome, Understand, Comfort & Appreciate. In our mobile society, rural growth depends on the acceptance newcomers receive when their grandparents aren't buried in the cemetery.

Location: **Rooms 3, 4, 5**

Presenters: Frank and Kimberlee Spillers

YOU'VE GOT CHARACTER

Historic preservation and economic development go hand-in-hand and have proven successful in communities across Iowa and the nation. But first you must know what you have and how to identify it. This session will start with the basics of historic building identification: looking at the individual features (just what is a cornice?!), could there be an historic district, and a quick primer on historic architectural styles found in Iowa's downtowns. Knowing what you have and why it is important will aid communities in making informed decisions regarding overall planning, and where to focus energy and funding. Identifying your historic resources is applicable for the Main Street Program, Community Development Block Grants, historic tax credits, preservation planning, tourism, etc.

Location: **Rooms 8, 9, 10**

Presenter: Sarah André

1:30 – 2:30 CONCURRENT SESSIONS / TOUR continued...

HISTORIC PEARL STREET TOUR

Join city staff to learn how an underutilized area of the city has gained a vibrant new life. In 2005, a Sioux City comprehensive plan recommended that a cultural and entertainment district be created on the west side of downtown. In 2006 city staff began to meet with property owners and interested citizens and in 2008 the West End District plan was adopted. Later, the name was changed to Historic Pearl Street District. The area is composed of 60 acres and 70 parcels. Learn how incentives and guidelines are balanced to manage the area.

CARROTS INSTEAD OF STICKS

Do you need help cultivating an incentive program for building improvements? Washington's 11-year-old Building Rehabilitation Incentive Program started without any funding to offer participants, yet when it was first announced, 15 applications were submitted. Today the Washington Incentive Fund has given over \$300,000 away and seen over \$8 million in return on investment. Find out how it is managed, where the money comes from, and what goes on behind the scenes!

COLLABORATING FOR A COMMUNITY'S WELL-BEING

The Sioux City Blue Zones Project has collaborated with numerous organizations to bring a worldwide event to downtown Sioux City, where citizens temporarily transformed metered parking stalls into mini parks for the day. This event allowed participants to rethink the usage of public spaces and participate in social exchange, fun, creativity and critical thinking. Learn how your community can organize this event and begin discussions on possibilities for unused concrete parking stalls to revitalize your downtown!

Location: [Rooms 8, 9, 10](#)

Presenter: Denise Salem

3:30 – 4:00 **30-MINUTE MINI SESSION**

PLENTIFUL PARKING

This presentation will discuss the Siouxland Interstate Metropolitan Planning Council's recent Sioux City Downtown Parking Report and its findings. Discussion will cover the methodology of how to conduct a parking study, to interpret the results, and to develop policy recommendations. The presentation will explain many of the most common issues about parking availability. This session is designed to provide attendees with the information they need to better manage parking in their own downtown areas.

Location: **Rooms 8, 9, 10**

Presenter: Michelle Bostinelos

4:15 – 5:00 **AFTERNOON SESSION**

TOP 10 GLOBAL TRENDS AFFECTING DOWNTOWNS AND HOW TO RESPOND AT HOME

Downtown development and redevelopment is a continuous process involving many potential stakeholders. Successful revitalization efforts require meeting the economic restructuring needs and interests of business operators, property owners, residents, elected officials and economic development organizations. In this session, you will view the latest market research conducted by P.U.M.A. (Progressive Urban Management Associates), which benchmarks local growth and changes in demographics; housing; employment; office and retail vacancies; mobility and connectivity; hospitality and tourism; arts, culture and entertainment; education; and the nighttime economy.
