Background

In an effort to enhance existing downtown spaces, Downtown Partners has created a Downtown Sioux City Storefront Grant program. Eligible projects must be located within the boundaries of the Downtown Partners SSMID and funds are strictly for use towards storefront improvements and/or start-up business space needs.

A “storefront” is described as:
the facade of a store; a room(s) of a commercial building, typically used as a store.
Several storefronts could make up one building parcel.

The goal is to provide an incentive to help attract new and retain existing downtown commercial office/retail tenants while enhancing the overall value and appeal of the downtown business district. The program offers a matching grant to owners or tenants (with the owner’s permission) of commercial property in Downtown Sioux City.

****This program was updated in April 2023. All projects since January 2023 are eligible until June 2023****

Benefits & Regulations

The grant aids in the form of matching funds that are paid to selected applicants upon completion of an approved impact project. **Grant funding is available equaling up to 50% of owner or tenant investment, capped at \$4,000 per storefront.** For example, if owner or tenant investment is \$2,000, the project could qualify for a Storefront Grant award of \$1,000 (50%); projects over \$8,000 could qualify for the maximum Storefront Grant award of up to \$4,000. The applicant must review the project with the Executive Director of Downtown Partners prior to submission. The number of selected applications depends on funding available. Projects will be reviewed as they are submitted and scored by a selection committee before being presented to the Downtown Partners Board of Directors. If the applicant is located within an historic district, the application will also be presented to the Historic Preservation Commission for review. Projects will be announced after the board meeting on the fourth Thursday of each month.

Rules

- Grant dollars must be spent on improvements such as construction costs, licensed installation, design fees (\$1,500 max), signage (projecting/blade signage is encouraged), windows, doorways, window display materials, removal of tint from windows, planters, outdoor dining/seating structures, murals, lighting, security cameras, etc.
- Applicants can apply for more than one category, but the total funds requested cannot exceed \$4,000 in one calendar year
- Applications can be filed by the tenant, but only with the written consent of the property owner
- If the space where the desired project is located is vacant, it must be actively marketed
- Must attain required permits from the City of Sioux City if applicable
- Approved projects must be completed within six months of grant award
- Completion of the work will be inspected prior to reimbursement
